Interested in learning  
about individual grants  
to support your work?

Looking for funding  
for graduate school?

This session offers an introduction to individual grantseeking for architects, artists and engineers, led by Susan Shiroma, Senior Librarian at the Foundation Center.

The Foundation Center is the leading source of information about philanthropy worldwide; it connects people who want to change the world to the resources they need to succeed. The Center maintains the most comprehensive database on U.S. and, increasingly, global grantmakers and their grants.

This session will focus on research grants, scholarships, travel grants, and the concept of fiscal sponsorship.
